SPECIAL CONSIDERATION
Planning Considerations for Flood Fight Operations

LEVEE PATROL (ALL SECTORS)
Reclamation District vehicles will conduct ongoing, periodic, levee patrols along top of levee. Vehicles will access levee top through Levee Access Points 1 and 9.

___ Provide for access through control points and keep access point approaches clear.

EMERGENCY WORK (ALL SECTORS)
Heavy vehicles may need access to any part of levee during evacuation and security operations to perform emergency work.

___ Identify ingress/egress route(s) for heavy equipment with RD 17 officials. Coordinate access plan with other sector commands.

RD17 RELIEF CUT
In the event of levee failure, a relief cut will be made where indicated on map. Expect heavy destruction of structures within 1/4 mile of relief cut after it is made from outflow of water. Expect movement of heavy equipment to relief cut vicinity prior to and/or after levee failure.

___ Identify ingress/egress route(s) for heavy equipment to site and staging area at site with RD17 officials.

___ High priority to evacuation/rescuing all persons from structures within 1/4 mile of cut in event of levee failure.

UNDERPASS EMERGENCY BERMS (ALL SECTORS)
In event of levee failure, one or more emergency berms may be constructed at freeway underpasses to contain flood waters. Preliminary work may be started prior to actual break.

___ Check Area Command for timing of initiating construction of berm(s).

___ Plan for heavy equipment access to berm sites while evacuation traffic outbound is in progress..

___ Coordinate with Area Command for timing of closing of underpass routes to allow final closure of berm(s).

SPECIALIZED EVACUATION EQUIPMENT/SUPPLIES

Area Command will allocate specialized equipment/supplies to sector commands.

Equipment/Supply	Quantity	Location
Rally Point Signs	3	OES Supply Containers at CYA
Fueling Attachments (to allow bulk fuel trucks to fuel vehicles directly)	20	OES Supply Containers at CYA
Mobile Radio Transmitters	3	Manteca Police Department (1) Stockton Fire Department (1) County OES (1)
Pre-Printed Entry Pass	1000+	County OES

SPECIAL CONSIDERATION- COUNTY FACILITIES COMPLEX

San Joaquin General Hospital is located on higher ground (12') and will not flood in the event of a failure of the RD17 primary levee if a relief cut is made. Jail complex is lower and will be protected with an approximately 2' berm in the event of a failure of RD17 primary levee north of Interstate 120. Expect heavy equipment traffic on Matthews Road.

TRAFFIC CONTROL PLANS

Use insets to indicate direction, signs/barricades, and staffed points.

COMMAND POST AND INITIAL RESOURCE STAGING LOCATIONS

COMMAND POSTS - Primary Evacuation
P17-1. **Manteca Sector:** Manteca Fire Station # 241
290 S Powers (J8) (off map)
P17-2. **Lathrop Sector:** Sharpe Army Depot
700 Roth Rd (G6)
P17-3. **Weston Ranch Sector:** Teichert Contractor's Tool Rental
265 Val Dervin Pkwy. (French Camp) (B5)

COMMAND POSTS - Secondary
(Alternates and Large Facility Evacuations)
P17-10. French Camp School 241 E Fourth St. (C6)
P17-11. Lathrop Police Dept. 15597 S. Seventh St. (H5)
P17-12. Manteca Golf Clubhouse 305 N. Union Rd. (I8)
P17-13. Sheriff's Operation Center 7000 Michael Canlis Way (County) (C4)

LOGISTICS FACILITIES
Logistics Bases
LSC-1. Stockton - City Corporation Yard (1465 Lincoln St) (off map)

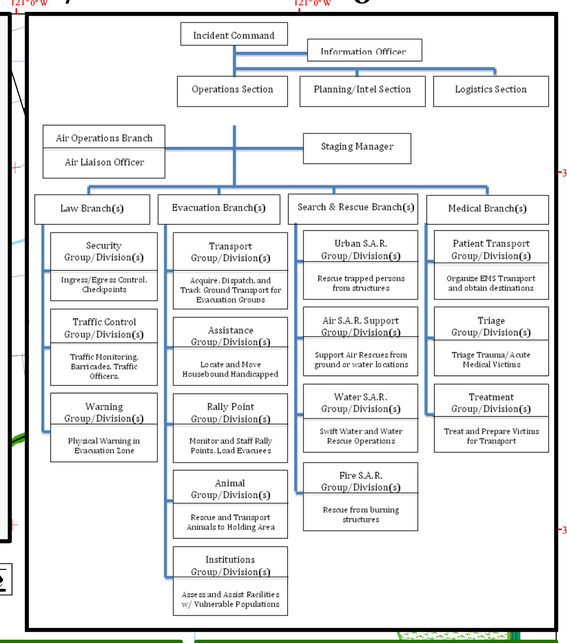
B1. Filbert St. / Miner Ave. (Stockton) (off map)
B2. Lindsay St. / Wilson Way (Stockton) (off map)
B17-1. Manteca School District Bus Yard (Louise and Airport) (off map)
San Joaquin Regional Transit has 161 buses
- 42 Paratransit (each hold 12 people and 6 wheelchairs)
- 17 MCI Tour buses (56 people and 2 wheelchairs)
- 102 buses (45 people and 2 wheelchairs)

Staging Area Assignments for Branch/Division/Group

Function	Location



EMERGENCY BROADCASTS TO PUBLIC

All messages for following three systems are developed by the Joint Information Center (JIC) at the San Joaquin Operational Area Emergency Operations Center.

Emergency Alert System (EAS)
Provides immediate access to commercial radio and TV broadcasters for short messages and instructions. Primary control station is KFBK, 1530 AM. EAS transceivers located at San Joaquin Operational Area EOC, Sheriff's Communications Center, and at control station KFBK, 1530 AM.

San Joaquin County public and private schools (K-12) have EAS receivers that will sound an alert tone and record messages for replay when Sheriff or Operational Area transceivers are used.

Telephone Notifcation Systems (TENS)
Automatic dialing system which telephones a designated geographical area and plays a short recorded message if phone is answered. System control is at the dispatch center of agencies with systems in place.

Stockton Police Department - Stockton coverage and backup for Sheriff
San Joaquin County Sheriff - Countywide coverage
Manteca Police Department - Manteca coverage

Mobile Emergency Advisory Radio System (EARS)
Low power trailer mounted AM radio transmitter for continuous broadcast of moderate length or multiple short messages to public. Good reception up to a 2 mile radius with car radio or 1/2 mile radius standing outside with good portable AM radio. Field Incident Command deploys and secures unit. JIC develops message and programs by telephone or at site. Three (3) units are immediately available:
-
Manteca Unit - 530 AM
Stockton Unit - 530 AM or 1300 AM
SJC Unit - 530 AM or 1030 AM

Radio Transmission Sites
T17-1. Teichert's Tool Rental 265 Val Dervin Pkwy (B5)
T17-2. County Jail 7000 Michael Canlis Way (C4)
T17-3. Dos Reis Rd and Manthey Rd

SIGNAL LIGHT/ CAMERA CONTROL PROCEDURES:

PROCEDURES FOR ALL JURISDICITIONS
Each signaled intersection light has a control box near the intersection that serves to operate the signals. Police supervisors are issued keys that open signal light control boxes. The signals can be changed to 4-way flash by flipping the associated toggle switch in the control box.

Staffing at intersections that are significant entry and exit points should consist of 2 police/fire personnel; which can include SHARPs, CSO, officers or any other competent personnel.

KEY LOCATIONS
San Joaquin County
The signal light keys are kept in the Sergeant's Key box at the Sheriff's Operations Center.
